

TASK 1

First, try to match the Definitions with the property words in the table.

Now, think about the objects that you have found around your house. Look at the properties below. Do you think that you can compare your objects to the properties?

Put the correct definitions with the property words in this table.

Magnetic	
Reflective	
Absorbent	
Permeable	
Translucent	
Flexible	
Hard	
Flammable	
Insulating	
Transparent	

Cut out or copy in these properties definitions and out them with the correct property words above

Objects are attracted to magnets.

Will bounce off its surface.

Is able to soak up liquid easily.

Will allow liquids and gases to pass through it.

Will let light, but not detailed shapes, pass through them.

Easy to bend.

Will easily catch fire and burn quickly.

Difficult to scratch.

Will stop energy such as electricity or heat from transferring through.

Light passes through easily and objects are seen clearly.
