Instructions

1. Cut out the world map.
Stick it to the middle of a large sheet of paper.
2. Use an atlas to help you find which **continent** each forest is in.
3. Write the names of the **continents** on the map.
4. Stick the cards around the map. Draw lines from each card to the correct flag.
5. Draw the flags of each country.
6. Write any **facts** about tropical forests that you already know.
7. With a different-coloured pencil, write **questions** about tropical forests that you would like to find answers to.

Look closely... what can you see? What might be lurking in the shadows? What might be found beyond the tall trees and through the vines, creepers, ferns, mosses and other plants below? Can you imagine being there yourself? Describe this in the most imaginative way you can.

You could write/record:

- a detailed description
- a short story
- a poem
- a song or a rap
